2021 EMMA TUGBY & KRYSTAL BUCKLEY

THE TRAINING COMPANY THAT LOOKS AFTER YOU

Triton Training is a small vocational training company specialising in aquatic courses for the leisure industry. The company is managed by two directors who also serve as the main tutors. They have a combined experience of more than 30 years in leisure management, swim teaching and lifeguarding with a wealth of experience in a variety of aquatic disciplines. Our main base of qualifications take place in Croydon, Bromley and Lewisham however, as we work with the national leisure operator 1life, we also deliver in Centres across the country.

We have successfully received funding from the ESFA programme for the Bromley, Southwark, Croydon & Brent areas in 2020/21, which enables unemployed residents to access our courses for free*.

We specialise in swimming and our ethos is simple, learn from experience and grow with support. We support learners from the day that you enquire with us, and continue to do so throughout your new career as you progress to the level you want.

The courses which we specialise in include:

- STA Award and Certificate in Swimming Teaching
- Swim England Level 1 and 2 in Teaching Swimming
- RLSS Lifeguard qualification (NPLQ), Emergency response, First Aid, National Rescue Award for Swimming Teachers and Coaches (NRSTC)
- Fin2Fit mermaid courses and other CPDs

We want to support teachers throughout their career and know that there's still a lot of learning that takes place after the initial qualifications. We have therefore developed packages to support learners further with 1-2-1 support and a range of online materials to access.

Who we are

WHAT WE ENSURE

Quality assurance

We carry out internal verification (IV) for the courses delivered and standardisation across the whole Triton Training provision to maintain a standardised approach to assessment. We also manage external verification function when requested from the awarding body. This is an approved training centre requirement.

Additional resources

Learners will receive delivery resources, ongoing support material and framework information for the selected qualification as well as a learner assessment portfolio.

Customer service and administration

Our tutors will handle all enquiries and offer initial advice and guidance for learners. Learner details and assessment information regarding safeguarding including emergency contact details, travelling to and from courses for under 18's and other duty of care data will be recorded and securely stored.

Supporting systems

We ensure that our tutors are up to date with their training and encourage continual professional development. New resources are developed by the tutors regularly which are insightful, developmental and fun to inspire learners into their new career in the leisure industry.

Maintenance and compliance with our regulators

We regularly review and update policies for appeals, malpractice and maladministration, equal opportunities, safeguarding, assessment appeals, health and safety, data protection, complaints, reassessments policy, special requirements, reasonable adjustments, learner existence and eligibility policy. All policies can be shared with learners and are available to download on our website.

Swim England Qualifications (Previously ASA)

To become a fully qualified Swim England swimming teacher, there are two qualifications required. The Swim England Level 1 Swimming Assistant (Teaching) course is the first step, which allows you to support a Level 2 qualified swimming teacher. We then recommend gaining at least three months' experience as a swimming assistant before progressing onto a Level 2 Teaching Swimming course (although this is not always a necessity). Once you have achieved your Level 2 qualification, you can add to your skills to specialise in specific areas of swimming teaching, such as parent and toddler lessons. .

Safety Training Awards (STA)

The first step you'll need to take to become a fully qualified swimming teacher with STA is the Award qualification. The STA Award will develop your vocational skills and technical knowledge, so you can independently teach your own class of 12 participants from non-swimmers, beginners or improvers (children and adults). The next step to progress as a swimming teacher is to retain your swimmers by offering advanced lessons, extended skills and advanced awards with the STA Certificate.

Fin2Fit Mermaid Instructor

This one-day Swim England accredited CPD qualifies you to take mermaid lessons, complete with mono-fins and mermaid tails. Must hold a swimming teachers qualification and current DBS certificate as a prerequisite to the this course.

COURSES

ROYAL
LIFE SAVING
SOCIETY UK

National Pool Lifeguarding Qualification (NPLQ)

The industry-leading lifeguard qualification teaches you the necessary skills to work as a pool lifeguard. The course runs over five days and includes practical and theory sessions, which are assessed throughout the course by the tutor and by an independent external assessor on the final day of the course. To enrol on this course, candidates must be able to swim 25 metres in 30 seconds.

National Rescue Award for Swimming Teachers and Coaches (NRASTC)

Many operators ask that swimming teachers have the rescue award, or to be a lifeguard. There are two options for this qualification, the two day NRASTC which qualifies you to respond in an emergency without a lifeguard or the 'light' version which is a one-day course when there is lifeguard support available.

RLSS Emergency Responder (ER)

Many hotel and small pools use emergency responders to cover pool emergencies and this course gives you the qualification to be able to do this. This course is tutor assessed and runs over two days.

RLSS First Aid at Work (FAAW)

This qualification is needed by every workforce to cover their first aid requirements. This course runs over three days and is tutor assessed.

All of the above courses are available throughout the year for candidates to book onto, dates are published on our website. The courses can also be booked directly with operators to qualify a number of learners at one facility.

RESCUE

SWIM ENGLAND VS STA

We often get asked about the difference between the two awarding bodies so we have included some information below.

We believe, ultimately with the right person and the right training going through either route will produce an amazing teacher. Both pathways teach you the same skills the main difference is how the knowledge and information is split between the courses. Both pathways will require you to complete 2 courses to be fully qualified and both will provide you with all of the experience you need to start your amazing new career.... the biggest difference is You!

When deciding which pathway to choose, you will need to consider a number of points. Firstly where you would like to work, some employers still only recognise Swim England Qualifications as a prerequisite to employment and will only employ teachers with this qualification whereas others welcome either. Therefore, if you know of a centre or employer that you would ideally like to work for, check what they accept first. Both qualifications are accepted nationally and internationally however, the Swim England qualification is more recognised across swim schools in the UK.

If you would like to teach independently straight away, the STA Award means you can teach non-swimmers, beginners and improvers as soon as you have passed the Award course. The Swim England course pathway means you assist first to gain experience from Level 2 teachers.

Typically, the STA Award course (£340) is 5 days, Certificate (£400) 4 days both are tutor and externally assessed. Swim England Level 1 (£395) is 4 days and level two (£680) is 8 days, both tutor assessed.

AVAILABLE SWIM ENGLAND PACKAGES

The below packages can be edited to suit you, we also offer payment plans with no extra cost to you.

FUNDED COURSES

Thanks to the European Social Fund and Education & Skills Funding Agency we are able to offer unemployed and economically inactive London residents a fantastic opportunity to progress in a leisure career for Free!

The funding allows us to offer the following for free:

- STA Award or Swim England Level 1 courses
- NRASTC course
- Discount on future courses
- Induction before the course starts and an individual learner record
- T-shirt for poolside
- Access to funding for travelling to courses
- Support into employment or further training

In order to be eligible you must meet the following criteria:

- Have the right to live and work in the UK
- Aged 16+ are eligible for this project
- Not in formal education
- Be economically inactive or unemployed
- Not have taken part in an ESFA-funded project covering the same activities or courses before.

To prove that you are economically inactive we will need the following:

- **Third party verification.** This is for an organisation or body separate to Triton Training to verify the participant is not working and is not in receipt of benefits. The verifying organisation could be another charity, social service or lawyer that has worked with the participant in the past.
- **A family member's declaration form.** This is to be completed in the event that a third party verification is not an option. It must be signed by a family member who is financially supporting the participant.

To prove that you are unemployed we will need the following:

- Letter from JCP/DWP/Universal credit letter clearly showing employment payment
- Screenshot of Universal Credit statement
- Bank statement showing that benefits have entered
- Official government letter e.g. Charity, social services or other professional

**Education & Skills
Funding Agency**

We look forward to hearing from you to start your career in leisure.
