Assessment:

On day one of your course you will be supplied with an official SEQ Level 1 Assistant teacher Theory workbook which you will complete during your course and will be reviewed throughout by your tutor. The Theory workbook will form the first part of your assessment and must be complete and competent by the final day of your course.

On the final day of the course you will have a practical assessment within the lessons you assist for where your tutor will observe your interactions within the lessons where you will demonstrate your new skills gained on the course. At this point the tutor will complete your Observation Record which forms the second part of your Assessment.

Following your practical assessment you will complete an evaluation of how you feel you performed and where you can make improvements for your own development and action plan for the future. This will form the final part of your assessment and once completed will complete your course.
